## 40070: CONVERTER 230V LED 24V 35VA IP67

## Features:

- · Constant voltage design
- Universal AC input / Full range
- Withstand 300VAC surge input for 5 seconds
- Protections: Short circuit / Overload / Over voltage
- · Cooling by free air convection
- Fully encapsulated with IP67 level (Note.8)
- Fully isolated plastic case
- Class 2 power unit
- Pass LPS
- Suitable for LED lighting and moving sign applications (Note.7)
- 100% full load burn-in test
- · Low cost, high reliability
- 2 years warranty

NOTE	All parameters NOT specia	lly mentioned are measur	ed at 230VAC input, rate	d load and 25°C of ambier	nt temperature.			

## NOTE

- 1. All parameters NOT specially mentioned are measured at 230VAC input, rated load and  $25^{\circ}$ C of ambient temperature.
- 2. Ripple & noise are measured at 20MHz of bandwidth by using a 12" twisted pair-wire terminated with a 0.1uf & 47uf parallel capacitor.
- 3. Tolerance: includes set up tolerance, line regulation and load regulation.
- 4. Derating may be needed under low input voltage. Please check the static characteristics for more details.
- 5. The power supply is considered as a component that will be operated in combination with final equipment. Since EMC performance will be affected by the complete installation, the final equipment manufacturers must re-qualify EMC Directive on the complete installation again.
- 6. Length of set up time is measured at first cold start. Turning ON/OFF the power supply may lead to increase of the set up time.
- LPV-35-5 can provide 6A of output current continuously. Based on the requirement of UL1310 class 2, the output current is only certified up to 5A for the test report of LPV-35-5.
- 8. The unit might not be suitable for lighting applications in EU countries. Please check with your local authorities for the possible use of the unit.
- It is unit might not be solitable for injuring applications in LD coulingosure. Please areast with your local authorities for the use of solitable for indoor use or outdoor use without direct sunlight exposure. Please avoid immerse in the water over 30 minute.
